Depending upon the country of delivery, shipments are made in DAP and are invoiced excluding the import customs fees and duties. Please note that the above delivery times are provided by our carriers and are not necessarily guaranteed.

ORDER CONFIRMATION & RETURNS POLICY

DESIGNHEURE works on the project market through specifiers (interior architects, decorators, architects, lighting specialists) and carries out its productions specifically for each project with very often custom-made adaptations. Consequently, DESIGNHEURE does not accept product returns. Once the manufacture of a made-to-measure item (product or service) has been ordered, it is no longer possible to cancel or modify the order. Unless expressly agreed in writing, changes or cancellations are no longer possible.

COMMISSION ON ORDERS - SPECIFIERS

The payment of any commission on the dispatched order is subject to the following conditions regarding proper management of the lighting project:

- (1) Prior agreement before quotation on the principle and the amount of the commission between DESIGNHEURE and the specifier, when invoicing is made directly to the client.
- (2) Active specification of our products, making every effort to maintain both the budget and the brand within the project.
- (3) Full management of the relationship with the client and/or their subcontractors.
- (4) From the beginning of the project through to delivery, reliable and up-to-date order management (transmission to DESIGNHEURE of technical details, dimensions, drawings, colours, deadlines, and budget), enabling DESIGNHEURE to provide a high-quality service.
- (5) The right to commission arises after delivery and full payment of the order, provided that all the above conditions have been met.

The right to commission shall automatically be forfeited if the performance of the project management obligations, as defined, is interrupted or not carried through to completion by the Agent or the Specifier during the process, regardless of the cause (whether attributable to the Agent/Specifier or to the Client). Such forfeiture shall also apply in the event that DESIGNHEURE succeeds in maintaining the order and delivering the products, insofar as the working time and project follow-up have been taken over and reinvested by the company itself in order to bring the project to completion.

DAMAGED ITEMS

DESIGNHEURE guarantees that its products are free from material defects and takes the greatest possible care to ensure that your order arrives in good condition. However, please notify DESIGNHEURE within 72 hours, in the event that your order arrives damaged. Failure by the customer to make a claim against DESIGNHEURE within 72 hours from the date of delivery will constitute acceptance of the goods and the customer waives the right to claim damages, errors or shortcomings. If the item must be returned due to a manufacturing defect, please refer to DESIGNHEURE's warranty policy.
